

**TASGROUP, LLC.**

**FUJITSU AIRSTAGE**

HVAC Products, Systems and Mechanical  
Solutions Representatives  
PLAN & SPEC, DESIGN BUILD AND VALUE  
ENGINEERED PROJECTS  
**TASGroup (The Applied Solutions Group)**  
Ph# 865.696.2406

Fujitsu General America is a leading player in the global HVAC market. With robust commercial HVAC system lineup including the AIRSTAGE VRF V-series and J-series, both ducted and duct-free indoor units, and offers a complete HVAC system solution that's best suited for your next project.

**GE Zoneline**

The industry's trusted choice of PTACS, offering the quietest PTAC in the industry.

**AERMEC**

Air & water cooled chillers & heat pumps  
Screw chillers, Modular chillers, Inverter chillers  
Heat pump hot water boosters, Chilled beams  
Pkg. heat pump & energy recovery unit 100% fresh air

Hastings HVAC is a global manufacturer of energy-efficient commercial & industrial HVAC systems for heating, ventilation and air conditioning.

**CANARM**

Canarm's manufactures a complete line of Quality ventilation equipment for Industrial, Commercial & Residential applications. Serving the Condo, Restaurant, Warehouse, Greenhouse/Grow, OEM & Plan & Spec markets.

**AEROFIN**  
Heat Transfer Products

Aerofin is a leading manufacturer of spiral fin & plate fin heat exchanger coils, for both hot/chilled water, steam, and related heat transfer equipment, including split-coil replacement options.

**CLIMATEMASTER**  
Geothermal Heat Pump Systems

Residential & Commercial Water Source Heat Pumps (1/2-25 ton) Console Units, Water/Water, & Vertical Stack Units Rooftop Units, ERV's & 100% Outside Air Units

Durable Corrosion-Proof Cooling Towers  
Anti-Microbial HDPE Resin Option  
Seamless Double Wall (HDPE) Corrosion Proof  
Direct Drive Fan System TE VFD Rated Motors

Each Buffalo Air Handling system is tailored to your specific heating, cooling, heat recovery, or humidification requirement. Our units can be customized in so many ways that the various choices are almost endless,

**infrasave**

Infrasave by Schwank Radiant Heaters, a product of more than 50 years of engineering & manufacturing experience. Offering air curtains, Monster Fans,

Commercial Air Handlers & Coils,  
400—12,000 cfm

**PARAGON CAPTIVE AIRE**

DOAS - Fresh Air Solutions  
Dedicated Outside Air System (5-30 tons)

*Serving the Southeastern United States*

7015 Harrell Rd., Knoxville Tn. 37931  
FAX: 865-693-9970 \* [www.tasgroupllc.net](http://www.tasgroupllc.net)

## Plan and Spec Custom Mechanical Solutions

Our microprocessor-driven water level controllers can be used in new installations and as direct replacements for all major brand cooling tower water level controls.

API Heat Transfer offers the broadest range of heat transfer products available., including shell/tube & brazed plate.

Commercial Water Source Heat Pumps  
Console Units, & Water/Water. 6k-25-ton

Securely connected cloud-based solution supports both wired and wireless devices for all HVAC and lighting applications.

Legacy Chiller Systems, Inc., manufactures process chillers for all industrial and commercial fluid cooling applications.

50 yr's of Air Humidification  
SteamHumidifiers, Generators &  
Pressurized Steam Systems

## Design Build Value Engineering

Modine offers a wide variety of heating and air conditioning products including unit heaters, duct furnaces, classroom HVAC, and more

## REZNOR

DOAS & Industrial Make-up Air Products  
Direct & Indirect Fired Air Handlers  
Unit Heaters, Duct Heaters, Radiant Heat  
Energy Recovery, Pkg. Air Conditioning,

Commercial Fabric Duct Systems

## HOSHIZAKI

Ice Machines - Reach-in Coolers & Freezers  
Prep-Tables & Dispensers

WALK-IN COOLERS & FREEZERS

## GASMASTER

The leading edge of condensing boiler  
technology (200,000 - 12 Million btu/hr)

The Leader in UV-C Disinfection and HVAC Efficiency

The Hi-Velocity SDHV (Small Duct High Velocity) System works on the principle of pressure rather than air velocity
